

TO MEMBERS OF THE STATE TAX PANEL:

This is not a comment on the various remedies to be considered by you in preparing recommendations to the Legislature.

Rather, it is to let you know that your "presence" on the Internet via CT-N as well as your informative webpage, has permitted this CT voter to become educated on the subject at hand.

Thanks to CT-N, I watched all but the first discussion (on the property tax).

Good luck as you continue your work, respectfully,

MARGARET WIRTENBERG
